- The front cover will remain almost as is, with the addition of SECOND EDITION above the logo, and minor updates at the bottom of the page

- Discussions made regarding hard or soft cover. The option of a hard cover could be considered in Canada, with soft cover options for On Demand printing

eBook

Is now complete. We are very excited it is available for sale on the website

On Demand Printing

Lou is looking into it and getting prices

A member from Europe as asked if he could print pamphlets locally rather than have to purchase them from Canada.
