

PUBLIC INFORMATION COMMITTEE REPORT

August 2020 | Submitted by Alison E.

There were four in attendance at our Public Information Committee meeting on Thursday, July 30th — Heather L. joined and will hopefully continue attending as the newest member of our committee. Together, the four of us continued our work on reviewing the revisions made to the document *Guidelines for Speaking at Non-ABA Events*. While we made great progress, committee members expressed an interest in meeting for longer in order to accomplish more with the momentum generated.

The committee received an inquiry from a non-ABA organization about featuring our fellowship in a film about eating disorder recovery, and though we responded with a request for more information, we have not since heard back.

Our next meeting will be on Thursday, August 27th at 5:30pm MDT.
