

Inventory Committee Report for September Board meeting

As per the last board meeting Tammie and I will co chair until a replacement Chair steps forward to serve. She and I are dividing up the duties. She will be taking care of the technical side and give the report at the Board meeting. Judy will write reports and be the first responder to questions from ABA members.

We currently have had 72 completed surveys. The surveys are trickling in 1 or 2 at a time. So far only three members have contacted us thus far saying that they were having difficulty with the process of filling out the survey. Alternative methods for accessing: send a link directly sent to the person, if it is an accessibility issue. If the person is technically challenged Judy is willing to fill out the survey on their behalf. The other issue is incomplete surveys: one member realized she wanted to add more information. We are asking members to send us any additional information by email.

Tammie and I have not chosen a firm end date for phase one inventory as most meetings have yet to return to face to face meetings.

Yours in Service,

Tammie and Judy

Co-Chairs
