

PUBLIC INFORMATION COMMITTEE REPORT

November 2020 | Submitted by Alison E.

Three of our four committee members met on Thursday, October 15th and spent the majority of our time on reviewing and revising the draft Judy K. wrote for responding to inquiries from dietitians. This is a template for any member of the Public Information Committee — or anyone else in ABA — to use when contacted by a dietician or nutritionist supporting a member of our fellowship, who wishes to learn more about ABA, sobriety, and our approach to recovery. The committee completed our revisions of the template, and Amy G. has kindly volunteered to finalize the document with hyperlinks to the documents cited (*A Guide for Meal-Support Providers*, *A Doctor's Viewpoint on ABA*, and *Sobriety is Surrender: What Does THAT Mean?*) and add the appropriate email signature.

We ran out of time for our final review of the *Guidelines for Speaking at Non-ABA Events* document and a draft of subsequent email to the Literature Committee, but will return to those items at our next meeting (Thursday, November 19th at 5:30pm Mountain Time).
