

# Treasurer's Report

March 20, 2022

Prepared by: Tammie Neumiller, Treasurer

## Overview

Over the past year, we have been fluctuating a bit. As with all things, some good months, and some months that were not quite so good.

As you will see in the Financial Statement on page 4, we are very close to previous year.

Our sales are lower this year than last, but the donations are higher. Overall our revenue is slightly less than the year before.

I believe with the introduction of print-on-demand now set up, we will see a considerable drop in office expenses as the shipping will be substantially less than previous years.
