

President's report for September 18, 2022, GSA Board Meeting

Submitted by Amy Gillard

Hello Directors,

I hope you all had a nice month off.

This month I would like to have us discuss approving the 12 Concepts developed by the Literature Committee. These concepts can be found in the Service tab on the Boards and Committees page under the Literature Committee. The link is there for the 12 Concepts. Around that discussion is the question of how we approve literature in general. For example, do we take the time "edit" the documents in detail during a board meeting or do we limit ourselves to giving general feedback to whomever developed the document? Please bring your thoughts on this to the meeting.

Also, as per our last month's meeting, we need to look at hiring someone as Operations Manager. The Personnel Committee has interviewed 3 persons and will be presenting it's recommendation during the meeting. Therefore it's especially important that we have a good number of directors at this meeting.

Lastly, our new website is now live! Yay and thanks to Tammie and all the people who assisted her. It is a wonderful improvement. With the change however, how the documents get viewed has been changed. Please take a look at what's different so that we can have a discussion on whether further modifications are needed. Now one has to "order" each document to be able to view them.

Please note that I will not be in attendance as I will be in Nova Scotia. Kheri will be chairing in my absence. Thank you Kheri!

Thank you for your service to this board. Good luck on the 18<sup>th</sup>!

In service,

Amy G.
