Annual General Meeting 2023

Bylaws Committee report

March 19, 2023

Prepared by David Fitzgerald

At the AGM 2022 we reported on the status of the Bylaw revision/updating. We reported on the progress made in reviewing the current Bylaws.

1. This past year the committee met 5 times to continue the work of reviewing and updating as necessary and ensuring consistency in the language, wording, and organization of the Bylaws.

2. The committee review included a review of: membership in the society, minimum number of persons needed to serve on the Executive Committee, the roles of President, Vice President, Treasurer, the operation of Committees, the appointment of Directors as well as other bylaw sections.

3. The committee completed its work of preparing “revised Bylaws”. Our hope is that the Bylaws will serve ABA for many years and so our attention was to ensure that the Bylaws accurately reflect the organization and functioning of ABA.

4. The *Corporate Seal* will continue to be in the Bylaws as this is a legal requirement.

5. It is important to note that the Bylaws are a legal document and will be filed with the provincial government. These Bylaws must be voted on and approved by the membership at this Annual General Meeting.
