

Website Committee Report

January 21, 2024

Chair: Tammie Neumiller

Objective

The objective of the website committee is to review the website, functions, and usefulness of the website to the members of ABA and provide a better experience for the members online. And to provide maintenance to ensure the smooth operation of the website.

Summary

The OM continues to work with the personnel committee to keep the website up-to-date regarding meetings, documents, and other small pieces of information. We are continuing to work with her to get her up to speed with all updates needed and Standard Operating Procedures for the website.

The website committee has performed regular maintenance and some updates as needed.

We have also slightly changed the way the meetings are displayed. It was suggested that we do a calendar version to make it easier. We have implemented that and will see how it is received moving forward.
