

Treasurer's Report

March 17, 2024

Prepared by: Kheri Taylor-Milos, Operations Manager

Overview

Our donations for this past fiscal year were up by approximately \$8,000 but our sales compared to the previous year were down by almost \$10,000. Overall, our revenue was reduced by about \$3,000 this year.

That being said, our expenses for the year were also reduced (by \$7,000) so that our overall profit was almost \$2,000, compared with a deficit the previous year.

You can see more details in the Financial Statement prepared by the accountant and posted.
