

## June 2024 Self Support Committee Board Report

### **WORKSHOP**

#### **What has been achieved**

We have a fully functioning committee we have 2 new members WELCOME Lizzie and Val.

30 people came out to “The Unique Nature of ABA” workshop. The creative exercise was deeply moving. 33 people registered and the workshop raised \$ 599.00 was raised!

#### **What remains to be done**

Workshop has to be edited and posted on the website one of our members has said they could edit it, We are awaiting the stats from the GSA on how many people registered and how much money was raised.

#### **Question**

Do we need to go through the board in making that decision whether the GSA or a member of our committee since it does affect Kheri;s duties?

### **NEWSLETTER**

#### **What has been achieved**

The Green and Serene June newsletter received written praise from 4 members.

#### **What remains to be done**

Lizzie will write a blurb on her experience at the workshop for the July Newsletter

The GSR Committee requested a format for the newsletter that allowed them to cut and copy sections of the newsletter. The website committee suggested that maybe they could create a conversion button that would allow our current format (which the website uses to post) to be converted to a PDF with a click of a button. Our committee was asked to create a PDF version every month. A ad hoc member responded without speaking with the committee. The SSC sent an email to the GSA to get clarification about this prospect of a button awaiting response from Kheri instead of sending a PDF each month.

### **Question**

Was the conversion button not possible?

Will Kheri have to post two versions each month or on a as needed basis?

### **MISCELLANEOUS DISCUSSION**

**NEXT SSC MEETING** – Tuesday June 25, 2024 at 9:00 am EDT
